## *Uncut Obsolete Currency*

These Uncut Sheets of Obsolete Currency, Etc. — from the Grover Criswell Collection possibly one of the most complete ever to be compiled and listed in one sale. This listing with the purchase of the Final Prices Realized List should be a very practical and useful reference work for both dealer and collector on this much neglected historical series.

All sheets and notes are housed in heavy gauge acetate holders.

PLEASE NOTE: We usually do not consider creased or folded single notes as Uncirculated, however, in sheet form we are using the following grading system:

**Superb** . . . no creases, etc.

**Ext. Fine** . . . minor but not detrimental creases

**V. Fine** . . . heavier creases but still very desirable
